Innovative learning platform that combines data, AI & POWERskills to change behaviours & disrupt mindsets

UNLOCK COLLABORATION:
One-day team building and team dynamics programme

POWERskills Matter

AN IMMERSIVE AND POWERFUL LEARNING EXPERIENCE IN A 1-DAY WORKSHOP

- » Explorer combines our collaborative simulation with a series of coached learnings to equip your teams with the POWERskills needed to bring about collaborative teams, driving efficiencies and increasing productivity.
- » Expect this programme to be interactive, engaging, and impactful. Your teams will be challenged as they face simulated real-world scenarios, based on teamwork and collaboration, whilst immersed in a digital universe.
- » The programme embeds a data & AI mindset whilst providing practical lessons and examples of behaviours from high performing teams. It allows your teams the opportunity to practice and apply their new skills, in a virtual environment, fostering the development of teamwork, collaboration, problem-solving, and self-awareness skills.
- » The programme is accessible, inclusive and designed to engage employees of all levels.

ACCESSIBLE

Can be played on different operating systems, is inclusive

TEAM INNOVATION THAT SURPASSES IMAGINATION

WHAT TO EXPECT

- Coached learning & live simulation sessions
- 1 full day on-site or remote access workshops
- Access to learning library
- Coached feedback session & observation report for leadership
- Tech support

LEARNING OUTCOMES

- Communication
- Collaboration
- Adaptability
- Resilience
- Curiosity
- Creativity
- Critical thinking
- Reflective Practise

The leadership team learned a lot and it was totally relatable to Agile and the way we are starting to work and deliver, the observation and feedback from the team was helpful. ”

Digital and Innovation Culture, Engagement & Communications Lead
Yvette Dorman - Westminster City Council
